The Secretary then reviewed the tentative schedule noting, among other things, that a draft of the request for proposals for financial advisory services would be distributed and reviewed at the next Authority meeting. Treasurer Cordray commented on a number of items including his desire for the Authority to obtain the lowest per-bond issuance cost of any new-money tobacco transaction completed to date and that market conditions necessitated that the Authority expedite the issuance process without sacrificing necessary deliberations. The Treasurer also noted that Authority should consider means of communicating with local school districts and county commissioners to which the Secretary responded that the School Facilities Commission was providing that link to local school districts. Further discussion related to the role of the Treasurer and Assistant Treasurer in service to the Authority.

The Secretary indicated the next meeting of the Authority would be July 11.

There being no further business, the meeting was adjourned.
